

Pledge of research ethics of The Korean Environmental Sciences Society (KENSS)

All of the Author, papers submitted to The Korean Environmental Sciences Society (KENSS), should obey ethics provision. Submit with a manuscript after check and signature on the followings. Not only if the pledge is not included, a manuscript can't receive but if the pledge is violated, it is against The Provision of Research Ethics in The Korean Environmental Sciences Society (KENSS).

- The paper wasn't already published or isn't considered for publication to other scientific journals or periodicals. (violation of duplicate publication)

- The paper doesn't include nonexistent data and research results. (violation of counterfeit)

- The paper doesn't include falsified data, equipment, and procedure as well as changed or eliminated data and result. (violation of falsification)

- The paper doesn't quote other's idea, procedure, result, and record without agreement. When these are quoted, a quotation is clearly identified. (violation of plagiarism)

I undoubtedly verify the above contents.

(year). (month). (day).
